B-WET Overview and Definition of the MWEE
What is NOAA B-WET

The Bay Watershed Education and Training (B-WET) program promotes locally relevant, experiential learning for K-12 audiences in seven regions.
Meaningful Watershed Educational Experience (MWEE)

MWEEs are multi-stage, learner-centered experiences that focus on investigations into local environmental issues that lead to informed stewardship actions.

MWEE definition:
https://www.noaa.gov/education/explainers/noaa-meaningful-watershed-educational-experience
MWEE Essential Elements

These elements describe “what students should do”. They promote a learner-centered approach in which the student actively constructs meaning from the learning experiences.

• Issue definition
• Outdoor field experiences
• Synthesis and conclusions
• Environmental action projects
MWEE Supporting Practices

These elements describe “what teachers do” to fully support successful MWEE implementation with students.

- Teacher facilitation
- Learning integration
- Sustained experience
- Local context
Teacher MWEE Professional Development Practices

These elements empower teachers to confidently and competently use the MWEE approach to support standards-based learning that aligns with local education agency initiatives.

• Increases teachers’ knowledge and awareness of environmental issues
• Models MWEE framework
• Includes collaboration, feedback, and models high-quality instruction
• Allows for adequate instructional time and ongoing support
• Offers appropriate incentives
• Meets jurisdictional guidelines and engages leadership
MWEE Resources

• MWEE definition: https://www.noaa.gov/education/explainers/noaa-meaningful-watershed-educational-experience

• MWEE Resources: https://www.noaa.gov/officeeducation/bwet/resources/mwee-resources

• EPA’s “How’s My Waterway?” Tool: https://mywaterway.epa.gov/

• Tools for Implementing MWEEs on School Grounds: https://maeoe.org/environmental-literacy/school-grounds-for-learning
NOAA Assets

• NOAA Education Resource Collections: https://www.noaa.gov/education/resource-collections
• NOAA Education “At Home” Resources: https://www.noaa.gov/education/resource-collections/education-at-home
• NOAA in your state: https://www.noaa.gov/legislative-and-intergovernmental-affairs/noaa-in-your-state-territory
• NOAA in your backyard: https://www.noaa.gov/education/noaa-in-your-backyard
Program Priorities

Proposals must address one of the following B-WET priority areas:

1. Professional Development for Teachers related to MWEEs
2. Exemplary Programs combining Teacher Professional Development with MWEEs for students
3. Systematic MWEE Implementation
4. Capacity Building for Expanded Statewide K-12 Environmental Literacy Initiatives
Special Interest Area 1: Climate Education

The K-12 education system is a well-positioned venue for instilling comprehensive knowledge, skills, competencies, and resilience around one of the most pressing economic, social and environmental issues of today: climate change.
Special Interest Area 2: Gulf of Mexico Fisheries

Gulf B-WET is administered through NOAA Fisheries (Southeast Region) which

• ensures sustainable fishing opportunities (ecological, economic, or cultural)
• provides protection for endangered species and marine mammals
• provides conservation of the habitat needed to support marine life

Projects addressing this special interest area have fisheries or protected resources as the main issue student’s investigate, and include student action to protect or restore the species and/or its habitat.

Additional Considerations

Gulf of Mexico Alliance (GOMA)

- GOMA is a partnership of the states of Alabama, Florida, Louisiana, Mississippi, and Texas, with the goal of significantly increasing regional collaboration to enhance the ecological and economic health of the Gulf of Mexico.
- Note which Alliance priorities the project will address.
- www.gulfofmexicoalliance.org

NOAA Education Strategic Plan

- NOAA’s scientific work is the foundation for the agency’s educational content, which is detailed in the latest Strategic Plan.
- Note how the project is aligned with goals of the NOAA Education Strategic Plan.
- https://www.noaa.gov/education/explainers/noaa-education-strategic-plan
Community-Based Organizations

• Target marginalized audiences
• Partner with organizations with expertise in engaging members of diverse cultures and communities
• Partnership should include:
  • shared goals and share resources
  • clear and effective communication
  • collaboration on decision-making
Eligible Applicants

- K-12 public and independent schools and school systems
- Institutions of higher education
- Nonprofit organizations
- State or local government agencies
- Interstate agencies
- Indian tribal governments

Applicants may be physically located in any U.S. state
Target Audiences

Projects must target K-12 teachers or students in the five Gulf of Mexico states.
Application Package and How to Apply
Application Elements

• Federal Forms: SF-424, SF-424A, SF-424B, CD-511, and SF-LLL (if applicable)
• Project Summary (1-page)
• Project Description (15-pages) including
  • Objectives
  • Methods (addressing the elements of the MWEE)
  • Timeline
  • Project evaluation plan and expected outcomes
• Literature Cited
• Letters of Support/Partnerships
• Budget and Budget Justification
• Resumes (2 pages maximum for each)
• Data Sharing
• NEPA questionnaire
Project Evaluation

• Collection and documentation of information about your project's short-term outcomes in order to improve the project's effectiveness, document successes towards meeting project objectives, and inform decisions about future programming

• Up to 10% of the budget can be spent on the evaluation
Funding Request Levels

- (Priority 1) Professional Development for Teachers related to MWEEs
- (Priority 2) Exemplary Programs combining Teacher Professional Development with MWEEs for students
  - Min request: $25,000
  - Max request: $100,000

- (Priority 3) Systematic MWEE Implementation
- (Priority 4) Capacity Building for Expanded Statewide K-12 Environmental Literacy Initiatives
  - Min request: $25,000
  - Max request: $150,000

- NOAA does not operate in cents
- Ensure dollars are parallel across application documents
- Anticipate four to seven new awards
New B-WET Recipients

Up to 60% of FY23 Gulf of Mexico B-WET funding will be set aside for new applicants.

Therefore, the total funding amount for applicants that have successfully received direct B-WET funding in the past will be limited to approximately 40%.
Budget tips

• Common Cost Categories include:
  • Personnel: Salary for staff **directly** involved in project. Provide # of hours or % of time.
  • Fringe benefits: Benefits for staff requested in Personnel category.
  • Travel: Mileage, buses, overnight accommodations, etc.
  • Equipment: item priced over $5000 per unit (not cumulative)
  • Supplies: All other “equipment” and supplies
  • Contractual: Any contracted services (Example: outside evaluator)
  • Indirect charges: “The cost of doing business” – phones, facilities, internet, etc. [You must have a Negotiated Indirect Cost Rate Agreement (NICRA) in place or use the 10% de minimis allowance]

Project Period

• Earliest possible project start date: August 1, 2023
• Project period: up to 24 months
• Projects should begin and end on first or last day of a month

Where/When to Apply

Submit online at Grant.gov *preferred method*
• Due 11:59 p.m. ET on January 27, 2023
• Look for confirmation emails

NOTICE OF FUNDING OPPORTUNITY

EXECUTIVE SUMMARY

Federal Agency Name(s): National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC)

Funding Opportunity Title: Fiscal Year 2023 NOAA Gulf of Mexico Bay Watershed Education and Training (B-WET) Program

Announcement Type: Initial

Funding Opportunity Number: NOAA-NMFS-SE-2023-2007673

Federal Assistance Listings Number: 11.008, NOAA Mission-Related Education Awards

Dates: Applications must be received by 11:59 p.m., Eastern Time on January 27, 2023 to be considered for funding. Applicants should apply online through Grants.gov.

Informational webinars about the FY 2023 Gulf of Mexico B-WET funding announcement will be held on Tuesday, November 8 from 10-11 am CT / 11 am – 12 pm ET (https://meet.google.com/yct-uwys-pjd) and Thursday, December 1 from 2-3 pm CT / 3-4 pm ET (https://meet.google.com/jrt-jwrf-jnj). Please join the webinars at the Google Meet Video call links listed for each.
Applying for Gulf of Mexico B-WET

✓ System for Award Management (SAM)
  Requires registrations and annual renewal
  (www.sam.gov)

✓ Registration of organization in Grants.gov
  (www.grants.gov)
Evaluation Criteria
Evaluation Criteria for Priorities 1 - 3

- Importance, Relevance, and Applicability of Proposal to the Program Goals (15 points)
- Technical Merit (45 points)
- Overall Qualification of Applicant (15 points)
- Project Costs (20 points)
- Outreach and Education (5 points)
Evaluation Criteria for Priority 4

• Importance, Relevance, and Applicability of Proposal to the Program Goals (15 points)
• Technical Merit (45 points)
• Overall Qualification of Applicant (15 points)
• Project Costs (20 points)
• Outreach and Education (5 points)
Review Timeline
Review Timeline

1. Minimum requirements review (early Feb 2023)
   - Application received by deadline
   - Eligible applicant
   - Addresses one of the B-WET priority areas
   - Complete application

2. Technical review (early – mid Feb 2023)

3. Panel review (late Feb – mid March 2023)

4. Notify applicants/negotiations (spring 2023)

5. Awards finalized (summer 2023)
Recent Key Changes

• Set aside (60% of funding) for new Gulf B-WET recipients
• Added “Capacity Building for Expanded Statewide K-12 Environmental Literacy Initiatives” priority
• Opened target audience to teachers and students in the entirety of the five Gulf states
• Added Climate Education Special Interest Area
• Emphasized participation of marginalized communities in watershed education
