INSTRUCTIONS

Application Type: Check which type of permit action you are applying for. Please submit a separate form for each permit. Only applications for renewal, an additional permit, or vessel registration/replacement are allowed. The non-refundable application processing fee is required for renewal, additional permit, or transfer. There is no fee for vessel registration/replacement to a permit.

For Permit Transfer: This section must be completed by the current permit holder(s) who is transferring the permit (transferor) to another person or business (transferee). They must write their name, their signature, and date it. The permit number being transferred must be provided. NMFS may request additional documentation to verify the transfer.

Vessel Information: Fill in the vessel name, official number (either USCG documented vessel number or state/territory registration number for undocumented vessels), vessel owner name, and radio call sign. If the vessel has no name, please draw a line in the vessel name field.

Permit Holder Information: Fill in the name of the person or business to whom the permit will be issued. This entity will be the permit holder for the duration of the permit. Provide the taxpayer ID number: SSN (social security number) for an individual or EIN (employer identification number) for a business. Fill in the date of birth of the individual or the date of incorporation for the business. If there is more than one permit holder, provide the same information for each permit holder. Any change in the name of the permit holder(s) will require a transfer.

Provide the mailing address, phone numbers, and email of the permit holder. This will be the address of record.

Permit Applicant: The person who submits the application must print his or her name and sign the form. Fill in the application date, and the applicant's title. If the applicant is not the permit holder or is not a member or officer of the business that holds the permit, the permit holder must provide a signed letter of authorization or email that designates the applicant as the agent for the permit holder.

Supplementary Information Sheet: If the permit holder is a business or partnership, list all owners, partners, and officers of the company on this sheet. Provide addresses and percent ownership for each.

Additional documents required for the complete application:

- 1) A copy of the vessel's current U.S. Coast Guard Certificate of Documentation (documented vessel) or registration certificate from a state/territorial agency (undocumented vessel) showing current vessel owner.
- 2) Documentation of harvest for permit renewal.
- 3) Documentation of participation in the American Samoa longline fishery for the applicant if applying for an additional permit or permit transfer.
- 4) If a renewal, a copy of the current Protected Species Workshop certificate of the vessel owner (see below).
- 4) If the applicant is a designated agent, attach a signed letter or email from the permit holder authorizing the permit applicant as the designated agent.
- 5) For fee payment, see instructions below.

The vessel owner must have a current Protected Species Workshop (PSW) to renew the permit. If the vessel owner is a business, an officer or authorized representative of the company must have a current PSW certificate. Contact pirospw@noaa.gov for workshop information.

An application that is lacking required information and documents, vessel registration or documentation, or payment will be considered incomplete. An incomplete application will be abandoned if it is not completed within 30 days following notification of the deficiency (50 CFR 665.13(c)(2)). You must inform PIRO within 15 days of any change of information on the application form (50 CFR 665.13(d)). It is prohibited to file false information on any application for a fishing permit (50 CFR 665.15(b)).
