Facility or Offload Site	IPQ Permit No.
ADF&G Processor Code (purchaser/owner)	ADF&G Processor Code (custom processor)

Is this a partial delivery? ☐ YES ☐ NO Is this the last delivery for this trip? ☐ YES ☐ NO

Use a separate line for each area, species, and product code. Use a second page if necessary.

ADF&G Statistical Area (6 digit)	Fishery Code	Species Code	Sold Weight (lb)	Retained Weight (lb)	Deadloss Weight (lb)	Price per Pound

Registered Crab Receiver Signature

IFQ Permit Holder or Hired Master Signature

FAX # _____

Phone # _____

NOAA Enforcement Signature

Instructions: This form must be accurately completed by the Registered Crab Receiver in the event an IFQ landing report cannot be submitted through the eLandings systems or the IFQ landing report must be revised. This form will constitute receipt by NOAA Office for Enforcement of the IFQ Landing Report and that the permit holder's account was properly debited ONLY when all three of the above signatures are included. The landing report is not complete without all three signatures.

Fishery Code

EAG – East Aleutian Islands golden king
WAG – Western Aleutian Islands golden king
BBR – Bristol Bay red king
BSS – Bering Sea Snow
BST – Bering Sea Tanner

Species Code

921 – Red king crab
923 – Golden (brown) king crab
931 – Tanner (bairdi) crab
932 – Snow (opilio) crab

Additional lines for area, species, and product information, to be used as needed -- *only valid when included with the completed page 1 of this form and all of the required signatures.*

PUBLIC BURDEN STATEMENT

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0515. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 60 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are required to obtain or retain benefits and to manage commercial fishing effort under 50 CFR part 680 and under section 402(a) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801, *et seq.*) and under 16 U.S.C. 1862(j). Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, P.O. Box 21668, Juneau, AK 99802.

PRIVACY ACT STATEMENT

Authority: The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C 1801 *et seq.*

Purpose: In order to manage U.S. fisheries, the National Marine Fisheries Service (NMFS) requires the use of registrations by participants in the United States. Fishery landing, production, and logbook information is collected electronically in the Interagency Electronic Reporting System (IERS). The IERS is a web based application that provides registered fishing industry participants with a consolidated method for submitting fishery landing report and production data, reduces redundant reporting to multiple management agencies, and allows processors to import and export their data facilitating one-time data entry for users. The IERS registration and submission of data is necessary in order to provide real-time harvest data and manage commercial fisheries in Alaska.

Routine Uses: The Department will use this information to identify fishery participants monitor the deliveries of IFQ fish to processing facilities. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a), to be shared within NMFS offices, in order to coordinate monitoring and management of sustainability of fisheries and protected resources, as well as with the applicable State or Regional Marine Fisheries Commissions and International Organizations. Disclosure of this information is also subject to all of the published routine uses as identified in the [Privacy Act System of Records Notice COMMERCE/NOAA-6](#), Fishermen's Statistical Data.

Disclosure: Furnishing this information is required to obtain or retain benefits. Failure to provide complete and accurate information may result in a penalty or loss of benefits
